

## CAP 2012-2013 FACT SHEET DECEMBER 2011

1. The Consolidated Appeal Process (CAP) 2012-2013 for the occupied Palestinian territory (oPt) articulates the two-year strategy of the humanitarian community to bring assistance and protection to an estimated 1.8 million vulnerable Palestinians in Gaza, Area C of the West Bank, East Jerusalem and the Seam Zone.

2. The 2012 – 2013 CAP focuses on **two strategic objectives**: 1) **enhancing the protective environment** for the most vulnerable communities in the oPt, including the provision of equitable access to essential services; and 2) **improving the food security** of vulnerable and food insecure communities.

3. The 2012 component of the CAP includes **149 projects** in the fields of Agriculture, Cash-for-work (CFW) / Cash assistance, Education, Food, Health and Nutrition, Protection, Water, Sanitation and Hygiene (WASH) and Coordination, for a total amount of **US\$ 416.7 million**.

4. 84 of these projects are presented by international NGOs; another 17 projects are

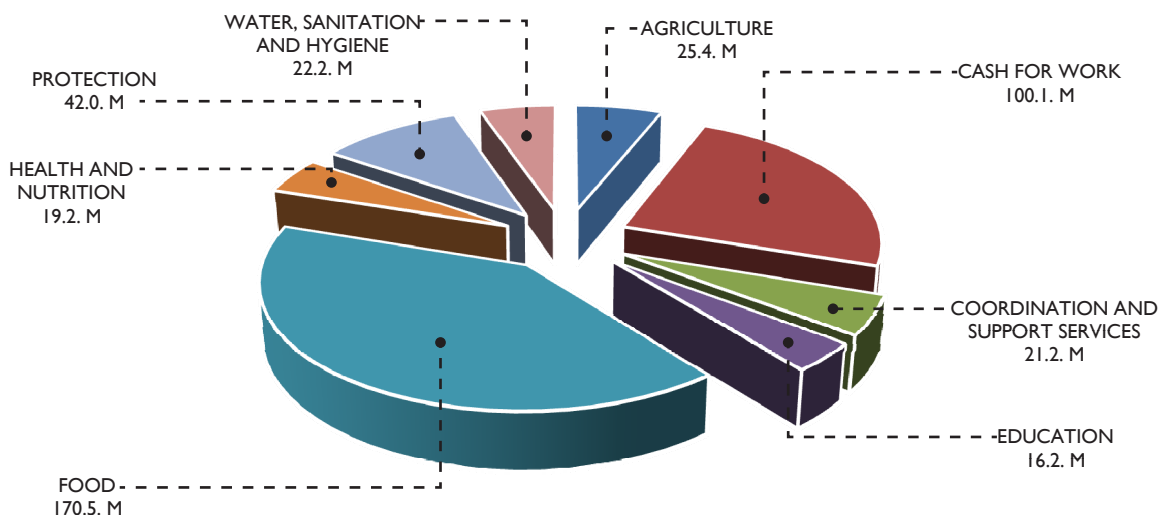

from local NGOs; the remaining 48 projects correspond to UN agencies' emergency programs.

5. The CAP 2012 – 2013 aims at addressing **the most immediate and urgent needs in the oPt, i.e. those which require an emergency response**. The CAP does not pretend to tackle the universe of needs in the oPt, many of which require recovery and longer-term solution.

6. However, the CAP 2012 - 2013 was developed **in consultation with UN development agencies and the Palestinian Authority (PA)**, particularly the Ministry of Planning

and Administrative Development. This will ensure coherence and complementarity between emergency programming (reflected in the CAP) and longer terms recovery and development plans, such as the UN Medium-Term Response Plan (MTRP) and the Palestinian National Development Plan (PNDP).

- Humanitarian partners made significant efforts to ensure that the CAP 2012 – 2013 duly reflect and help address the gender dimension of the humanitarian situation in the oPt. All the 149 projects included in the CAP 2012 – 2013 were reviewed according to the **IASC Gender Marker**; **more than 70% contribute significantly to gender equality.**

### CAP 2012-2013 Gender Marker Codes

0 - No signs that gender issues were considered in project design  
 1 - The project is designed to contribute in some limited way to gender equality  
 2a - The project is designed to contribute significantly to gender equality  
 2b - The principal purpose of the project is to advance gender equality.
