ACCESS PROHIBITED

High Risk Areas: Gathering points of people awaiting or taking relief supplies, where civilians and aid workers have been repeatedly placed at risk.

Coastal Line Road: A lengthy and overcrowded route designated for the passage of humanitarian aid trucks by the Israeli authorities.

Salah Al Deen Road: Road reopened on 10 April, repairs underway.

Number of drivers and trucks cleared by Israel to use fence road is insufficient to meet demand, causing delays and fewer aid deliveries than planned.
