**KEY FIGURES**

This snapshot reflects an update of the number of people currently present in the Gaza Strip from 2.3 million to 2.1 million and of the number of IDPs among them from 1.7 million (75%) to 1.9 million (90%). These estimates are dynamic and approximate. They have been compiled by the UN and its partners based on recent developments, as outlined in the Humanitarian Situation Updates.

- **37,953** Palestinian fatalities
- **495K** People facing catastrophic levels of food insecurity (IPC Phase 5)
- **~1.9 million** internally displaced persons (90% of Gaza)
- **0 hours** Full electricity blackout

**FOOD SECURITY**

- 90% of the analyzed population is reported to face crisis or worse levels of food insecurity (IPC Phase 4 or above), including:
  - 745K people facing emergency levels of food insecurity (IPC Phase 4 or above)
  - 495K people facing catastrophic levels of food insecurity (IPC Phase 5)
- 60-70% of daily calorie intake is from insecure sources.
- 57% of surveyed households planned to eat less food.

**PROTECTION**

- 19 hospitals partially functional (3 in North Gaza, 6 in Gaza, 3 in east of Gaza - from a total of 36 hospitals)
- 31% of primary health care centers are partially functional (43 out of 133)
- 500 health workers killed, including at least 15 also counted as displaced persons (source: UNCHR)

**NUTRITION**

- ~1,000 children and women aged 6-23 months are not meeting their nutrient requirements due to lack of minimum dietary diversity.
- 346,000 children under five and 160,000 pregnant and breastfeeding women require feeding and micronutrient supplements.
- ~50,000 children are estimated to require treatment for acute malnutrition in 2024.

**EDUCATION**

- ~35,000 students with no access to education.
- ~7,993 students and 391 educational staff killed (source: MOE, as of 2 July).
- 85% of all school buildings (497 out of 583) sustained some level of damage, including 54% directly hit or damaged (as of 3 May).
- 49% of school buildings used as ICP shelters (238 out of 484) were directly hit or damaged (as of 3 May).

**SHELTER**

- 957,000 people reported in need of shelter.
- 60-70% damage to buildings, including nearly 200,000 which were destroyed.

**WATER AND SANITATION**

- Two out of five water pipelines coming from Israel are partially operational as of 1 July.
- Two out of three wastewater treatment and desalination plants are intermittently operational. On 30 June and 1 July, the two plants temporarily ceased operations due to lack of fuel.

**INCOMING TRUCKLOADS**

- The pre-crisis average per working day in 2023 was 500 truckloads, including fuel.

**HUMANITARIAN ACCESS**

- As of 26 June – 2 July, 136 out of 149 crossing points were open for humanitarian goods.
- 35% of the crossings were closed due to security concerns.

**INCOME WATER USE**

- ~10,000 households estimated to be in urgent need of shelter.

**INCOMING TRUCKLOADS**

- Commercial trucks are not captured in the traffic following, 7 May, as the UN has been unable to directly observe the arrival of private sector cargo at Karni Shalam crossing. Fuel is not included.
- 130 truckloads of humanitarian cargo via Erez West, JLOTS, and Kerem Shalam (as of 21 June).
- Fuel is not included.

**INCOMING TRUCKLOADS**

- 750,000 m3 of water produced per day since 30 June.
- ~21,000 tons of accumulated solid waste and two landfills remain inaccessible.

**HUMANITARIAN ACCESS**

- The mission is cancelled by the Israeli authorities due to internal reasons.
- The mission is approved by the Israeli authorities.

**REACHED**

- 8,055 cases of diarrhoea (as of 16 June).
- 130 ambulances (source: MOH/Gaza).

**NDP**

- ~340,000 tons of accumulated solid waste and two landfills remain inaccessible.

**INCOME TRUCKLOADS**

- 2,000,000 m3 of water produced per day since 30 June.
- ~21,000 tons of accumulated solid waste and two landfills remain inaccessible.

**REACHED**

- Two out of three wastewater treatment and desalination plants are intermittently operational. On 30 June and 1 July, the two plants temporarily ceased operations due to lack of fuel.

**HUMANITARIAN ACCESS**

- The mission is cancelled by the Israeli authorities due to internal reasons.
- The mission is approved by the Israeli authorities.

**REACHED**

- 8,055 cases of diarrhoea (as of 16 June).
