- The pre-crisis average per working day in 2023 was 500 truckloads, including fuel

---

**Disclaimer:** Figures that are yet-to-be verified by the UN are attributed to their source. Casualty numbers have been provided by the Ministry of Health (MoH) or the Government Media Office (GMO) in Gaza and the Israeli authorities. Previous data breakdowns provided in this snapshot of women and children killed were attributed to the GMO based on reported fatalities. The fatality breakdowns currently cited are those that the MoH in Gaza has recently fully identified out of the higher number of casualties they report.
