Provide non-formal education and social emotional learning to school-aged children in temporary learning spaces	452,972	N/A
Provide inclusive education-in-emergencies learning materials and student kits to school-aged children, including printed curricula, textbooks, notebooks, stationery, school bags etc.	504,373	N/A
Provide emergency rehabilitation to schools to ensure that school environments are inclusive and safe for students and personnel	N/A	46
Provide catch-up and remedial classes to compensate for learning losses	N/A	84,311
Support students from vulnerable families who face barriers to education – such as the cost of transportation and challenges in accessing uniforms, bags and stationery – through the provision of education-specific conditional cash	N/A	420

CALCULATING THE COMBINED NUMBER OF PEOPLE REACHED
This indicator reflects cumulative people reached, carried forward as the sector total for the reporting month. The table shows top-level activity results for the selected month; its rows do not count all Education logframe activities and should be read separately from the cumulative sector total.

Provide shelter protection (fences, doors, windows meshes etc.)	N/A	121
Provide bedding kits	N/A	46
Provide tents that meet cluster standards	N/A	31
Repair major shelter damages	N/A	19

CALCULATING THE COMBINED NUMBER OF PEOPLE REACHED
This indicator reflects the cumulative number of people reached, carried forward as the sector total for the reporting month. This approach is used because most assistance in this sector is one-off, seasonal, or distribution-based: people reached are retained in the cumulative figure and are not counted again unless a new distribution cycle or distinct assistance package is reported.

 HEALTH

 ACTIVITIES

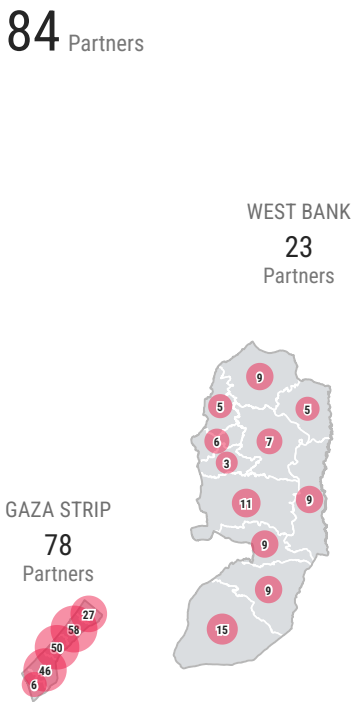

ACTIVITY	PEOPLE REACHED	
	GAZA STRIP	WEST BANK
Provide general services and essential trauma care	1,086,301	55,008
Deliver health services by providing sufficient and appropriate health care at the different levels of the health system	288	781
Provide health information by ensuring strong health management information systems including disease surveillance	78%	N/A

CALCULATING THE COMBINED NUMBER OF PEOPLE REACHED
Different service-use patterns in Gaza and the West Bank require different methods to calculate this indicator. Component figures use MAX-first aggregation, with SUM applied only where caseloads, population groups or geographic areas are clearly distinct and overlap risk can reasonably be excluded.

MULTI-PURPOSE CASH

ACTIVITIES

ACTIVITY	PEOPLE REACHED	
	GAZA STRIP	WEST BANK
Provide up to three rounds of emergency multi-purpose cash assistance (MPCA) to incident-affected and vulnerable West Bank households, including NIS 700 assistance to Palestinians from the Gaza Strip (medical cases and workers) stranded in the West Bank	N/A	9,226
Provide up to three rounds of emergency MPCA to incident-affected and vulnerable West Bank households referred by the Ministry of Social Development, plus NIS 700 to Palestinians from the Gaza Strip (medical cases and workers) stranded in the West Bank	N/A	6,650
Provide two emergency cycles of MPCA, each comprising three NIS 1,250 rounds, to households in Gaza.	106,300	N/A

CALCULATING THE COMBINED NUMBER OF PEOPLE REACHED

The Cash Working Group reports unique figures based on data extracted from partners' internal programme databases. Monthly figures represent only individuals who received cash or voucher assistance during the month, while cumulative figures represent the running total of unique individuals assisted, rather than a sum of monthly figures. This distinction is important because cash assistance may not be provided to the same people every month. A household or individual may receive assistance in one month but not in another.

NUTRITION

ACTIVITY	PEOPLE REACHED	
	GAZA STRIP	WEST BANK
Ensure safe and age-appropriate feeding of infants and young children through support to women and caregivers.	26,748	N/A
Ensure safe and age-appropriate feeding of infants aged 6–11 months through direct feeding support or services.	22,087	N/A
Provide two cycles of emergency MPCA (three payments of NIS 1,250), to households in Gaza with children aged 6 to 59 months, to help meet urgent basic needs.	211,927	N/A
Prevent malnutrition among girls through supplementary feeding, micronutrient supplementation and cash-based interventions.	6,177	N/A
Early detection and treatment of wasting (new admission children)	11,422	0
Improve access to essential nutrition services by strengthening the capacity of the health system to deliver nutrition in emergencies (girls and boys)	6,344	0
Prevent malnutrition among food-insecure households at IPC levels 3 and above through integrated cash-based assistance, community activities on feeding infants and young children in emergencies, and behaviour changing interventions	27,706	10,680

CALCULATING THE COMBINED NUMBER OF PEOPLE REACHED

This indicator reflects the cumulative number of people reached, carried forward as the sector total for the reporting month. No overlap deduction is applied, as activities are structured around defined groups of people, including children, pregnant and breastfeeding women, and caregivers, and service pathways covering prevention, screening, referral, and treatment.

Child protection case management including child friendly legal assistance, cash-for-child protection, referral to specialized services and support to children at risk and survivors through the provision of in-kind critical supplies and non-food items, and to children affected by conflict-related injuries or functional disabilities	123,223	1,043
Provide mental health and psychosocial support services to children and caregivers, individually and in group sessions, as well as positive parenting sessions	104,514	11,682
Emergency gender-based violence prevention, advocacy, and risk mitigation interventions, including the provision of dignity kits and menstrual hygiene materials	30,335	230
Provide multi-sectoral response services to gender-based violence, including specialized case management (psychosocial support, medical referrals, cash and voucher assistance) and service-provision support to safe spaces (including those for women and girls) and shelters	23,795	1,304
Carry out activities promoting the staff care and wellbeing of frontline response providers	6,224	7
Provide in-person and structured education sessions on explosive ordnance risks and conflict preparedness and protection and trainings for communities, frontline humanitarian workers, UN personnel and other humanitarian staff	125,353	11,047
Carry out community-based protection interventions	66,867	0

CALCULATING THE COMBINED NUMBER OF PEOPLE REACHED

This indicator uses conservative de-duplication across child protection, gender-based violence response, Legal Task Force services, housing, land and property assistance, mine action, and general protection. Component figures use MAX-first aggregation to reduce the risk of double counting. Figures are summed only where caseloads, population groups, or geographic areas are clearly distinct and overlap can reasonably be excluded.

 SITE MANAGEMENT

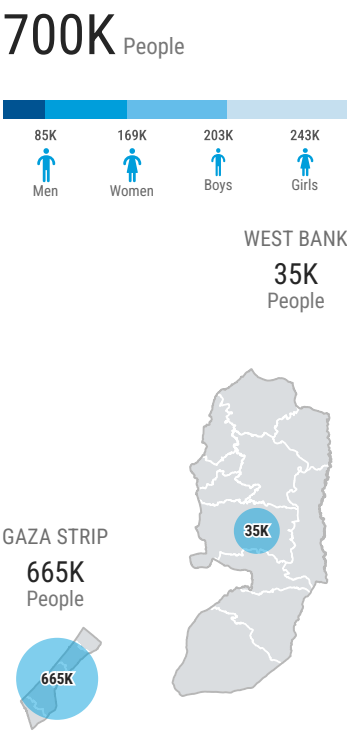

ACTIVITIES

ACTIVITY	PEOPLE REACHED	
	GAZA STRIP	WEST BANK
Provide site management services through trained Site Management teams, including coordination, service mapping, referrals and support to address service gaps and avoid duplication.	826,510	N/A
Conduct regular site monitoring, update demographic and needs information, and share findings through the response coordination structure to support coordinated service delivery and identify gaps.	132,972	N/A

Provide water, sanitation and hygiene services in humanitarian service delivery points (child-friendly spaces, community kitchens, infant and young child feeding centres)	158	0

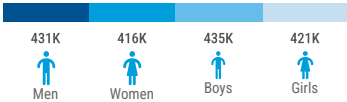

CALCULATING THE COMBINED NUMBER OF PEOPLE REACHED

This indicator is cumulative. Because activities are reported at different frequencies, totals may not be directly comparable or additive across reporting periods unless confirmed as covering distinct beneficiaries. Non-cumulative monthly reporting covers drinking water, domestic water, and solid waste collection; non-cumulative quarterly reporting covers hygiene item distributions; and cumulative monthly reporting covers sanitation, community engagement, water, sanitation and hygiene (WASH) in health-care facilities, and WASH in humanitarian service delivery points.
