Protection of Civilians Weekly Report

20 – 26 December 2006

Of note this week

- Palestinian internal violence decreased significantly in the Gaza Strip and West Bank following two weeks of internal tensions. However, in the Gaza Strip clashes between Hamas and Fatah supporters, as well as armed family feuds killed two Palestinians and injured six others. Armed clashes in the northern West Bank left a further eight Palestinians injured.

Ceasefire in the Gaza Strip:

- Palestinian militants fired nine mortar shells and 36 homemade rockets into Israel (compared to 11 homemade rockets in the previous period) injuring two 14 year-old Israeli boys in Sderot.
- The IDF injured two Palestinian farmers after opening fire towards them from the border fence in two separate incidents. IDF tanks entered approximately 50 metres inside the Gaza Strip to protect IDF soldiers working to the east of Erez checkpoint on two days. IDF vessels also fired towards Palestinian fishing boats off the Gaza Strip coastline on four separate occasions.
- According to Israeli media reports, the Israeli Prime Minister and Defence Minister instructed the IDF to resume 'pinpoint' operations targeting homemade rocket launching cells. IDF soldiers fired a surface-to-surface missile targeting a vehicle travelling in Beit Hanoun. Local reports indicate that the vehicle was carrying militants who were intending to fire rockets towards Israel. The militants escaped unharmed.

In the West Bank:

- In the West Bank, two Palestinians were killed and eight others injured during IDF operations in the northern West Bank.
- A group of Israeli settlers reoccupied the evacuated settlement of Homesh (Nablus) for a few hours before being removed by the IDF. This is the second week in a row that settlers have attempted to return to this settlement.
- The number of IDF flying checkpoints observed (116) throughout the West Bank during the reporting period was lower compared to previous week (124). Most of the flying checkpoints were recorded in Qalqiliya, Hebron and Bethlehem governorates.
- While the number of search and arrest operations increased (124) compared the previous week (115), the actual number of Palestinians detained/arrested decreased from 100 to 87. The majority of the searches took place in Hebron and Bethlehem.
- For the third time this year, the IDF raided the branch of the Islamic Charitable Society in Beit Sahur (Bethlehem) damaging the doors and internal rooms. The IDF also raided the medical centre associated with the Beit Awwa municipality (Hebron). The soldiers detained a doctor, a nurse and an ambulance driver for the duration of the raid. Physical damage to the building and the rooms was reported.
