#### The enclosed areas in Gaza:

**As-Seafa:** Movement remains restricted by the IDF with the entry-exit gate opening twice daily for As-Seafa ID holders from 06:30 to 08:30 and 14.00 to 16.00. Motor vehicles are not allowed to enter since November 2000, with the exception of international agencies that have undertaken prior coordination with the IDF. Since 28 January 2004, IDF started to allow women to get in and out of Al Seafa but movement is subject to body search and with 24 hours prior coordination. On 14 March 2004, magnetic cards were issued to 92 of the male residents aged 12 to 70 years.

**AI-Mawassi:** IDF imposed restrictions remain, with the entry-exit gate at **Tuffah checkpoint** opening twice daily for AI Mawassi ID holders from 07.00 to 09.00 and 14.30 to 17.00.

Movement restricted by the IDF with the entry-exit gate opening four times daily for AI Ma'ni ID holders from 06:30 to 07:30, 10:30 to 11:30, 13:00 to 14:00 and 16:00 to 17:00.

# 7. Education

- **Tulkarm/Qalqiliya**: The total movement restrictions that were imposed following the attack in Avne Khefets settlement on 3 April affected the school children from Jbara since the bus that transports the children to the schools in the neighbouring villages was not allowed to operate that day. Furthermore, long delays at the Kafriat checkpoint resulted in children missing the early morning classes. No agreement reached between the village leader of Jbara and the IDF negotiations to reopen the student's gate.
- Nablus: 03 April: All the schools in Nablus City were closed due to curfew.
- **Ramallah**: According to the Kharbatha Al Misbah village council, the harassment of university students at the flying checkpoint in the underpass near the village has a negative impact and may discourage students from continuing their studies in Bir Zeit and Ramallah.

# **Road Gates**

Gate	Status
Tulkarm/Qalqiliya	
Anabta	The gate is permanently closed for vehicles but open for pedestrians and therefore it functions as a back-to-back system for buses and taxis between 08:00 and 18:00. The IDF erected a flying checkpoint on 03 April following the attack in Avne Khefets prohibiting all traffic to pass.
Azzun	The gate has been open during the whole reporting period.

# **Barrier Gates**

Jenin	
Um ar Rihan Western gate to the Barta'a ash-Sharqiya/ Um ar Rihan enclave	Open for Palestinians with "green permit".
Bartaa Southern gate to the Barta'a ash-Sharqiya/ Um ar Rihan enclave	Open for Palestinians with "green permit" between 04:30-21:00.
Anin Northern gate to the Barta'a ash-Sharqiya/ Um ar Rihan enclave	Closed for Palestinians.
At Tayba 1 North western gate	Military gate. Closed for Palestinians.
At Tayba 2 North western gate	Agricultural gate. Usually closed for Palestinians.
Jalboun Eastern gate	Military gate. Closed for Palestinians.

Tulkarm/Qalqiliya	
Nazlat Isa	The gate remains manned 24 hours. No one without a special permit is allowed to cross both into the West Bank and into Israel. The gate is currently used by students and residents from Nazlat Isa on the other side of the Barrier and settlers from Khermesh and Mevo Dotan in Jenin. Some three weeks ago, the IDF imposed additional restrictions on this gate including the movement of international organisations. Currently, traffic is being redirected through Barta checkpoint in Jenin. Officially, this restriction is still in force; however, the ICRC reported that they were able to cross the gate on 6 April. The PDCL have submitted a list to the IDF with names of all married couples that are separated by the Barrier in a request to facilitate their movement across the gate.
Shweikah	The gate is officially open for farmers between 7:00-9:00 and 15:00-17:00 with a green permit, but in reality the gate is and has only been used by one family residing behind the Barrier. However, the IDF are rarely present on the announced opening hours, so more and more the family need to co-ordinate their movement in advance. This does also have an effect on the family's children who attend their classes in Tulkarem. Medical staff also needs prior co-ordination with IDF.
Kfar Sur/Kfar Jamal	The gate has been reported open for farmers with green permits at 07:00 and 16:00. Only few farmers use this gate.
Falamya North	The gate has been open for holders of green permits three times a day between 07:00-08:30, 12:30-13:30 and 17:00-18:30. Major irregularities in the opening hours have been reported over the last week by local farmers.
Jayyous North	The gate has been open on the following hours: 06:00-08:30, 12:30-13:30 and 17:00-18:30. Only farmers with green permits are allowed to cross.
Jayyous South	The gate is in principle only open for one family residing behind the Barrier on the following hours: 07:25-08:00, 12:55-13:20 and 16:40-16:50. Farmers with green permits who appear in front of the gate during these opening hours are sometimes allowed to cross.
Wadi Ar Rasha	The students are still being transported by a local bus company on the initiative of the IDF to the schools in Habla and Ras Atiya.
Ramadeen	The students are still being transported by a local bus company on the initiative of the IDF to the schools in Habla and Ras Atiya.
Ras Tira	The gate has been open three times a day around 07:00, 12:30 and 16:00 for approximately one hour per time and is only accessible for holders of green permits. Teachers, school children and medical staff are exempted. Major irregularities in the opening hours have been reported over the last week by the local residents.
Azzun Atma	The gate has been open between 06:30 – 21:00. Access to Azzun Atma requires green permits. Residents of Azzun Atma as well as ambulances, teachers and school children from Beit Amin and Saniria are still exempted. The gate is manned by soldiers who also guard the adjacent gate into the Israeli settlement of Sha'are Tiqwa.
Jbara	All school children from Jbara are being collected by an IDF rented bus to bring the children to the schools in Kfar Sur and Ar Ras through Kafriat checkpoint. However, the bus only drops the children in Ar Ras and Kafr Sur, consequently school children who attend classes in Kfar Sibad must proceed and return to collection point with public transportation.
Qalqilya south (Habla)	The gate has been operational for farmers with green permits between 06:30–07:45, 12:00– 13:15 and 15:45–17:00. In, principle, teachers are also allowed to use this gate, however, the movement restrictions on road 55 from Jaljoulia checkpoint force teachers to travel through DCO checkpoint and Azzun to reach the schools in Habla, so in reality only farmers with green permits can use this gate.
Habla	The gate has been open for holders of green permits and ambulances between 06:30–07:45, 12:00–13:15 and 15:45 – 17:00. PRCS ambulances from Qalqilya need prior co-ordination with IDF through ICRC before access is granted. In, principle, teachers from Qalqilya are also allowed to use this gate. However, as in the case with the gate above, the movement restrictions on road 55 from Jaljoulia checkpoint force teachers to travel through DCO checkpoint and Azzun to reach the schools in Habla.
