

# HUMANITARIAN NEEDS OVERVIEW 2017

## DASHBOARD

### PROTECTION OF CIVILIANS

Violations of international humanitarian and human rights law are a driver of severe protection threats against Palestinians and high levels of acute vulnerability across Palestinian communities.

All  
**4.8m**  
Palestinians in oPt are affected by protection risks

including:

**265,000**  
children in need of psychosocial support and child protection interventions and **1,200** Palestinian boys arrested by security forces in the West Bank in need of legal support.

**3,022**  
Palestinians injured; **91** killed by Israeli forces and settlers in the West Bank and Israel in 2016 (to end October) including 24 children.  
**8** killed in Gaza (conflict related) including 3 children.

**350,000** people living in 67 communities in the West Bank vulnerable to settler violence.

**294,000** women in need of GBV services, including legal assistance, psychosocial support and health services.

### FORCED DISPLACEMENT

Thousands of Palestinians remain displaced as a consequence of the 2014 escalation in hostilities between Israel and Palestinian armed groups in the Gaza Strip. Demolitions, along with a broad range of other practices and policies, contribute to a coercive environment in the West Bank, particularly in Area C and East Jerusalem, that is leading to forced displacements and the risk of forcible transfer.

Internally displaced persons (IDPs) in Gaza

**100,000**  
had their homes destroyed or severely damaged.

**65,000**  
still displaced (August 2016)  
37,500 in need of temporary shelter cash assistance.

**11,000**  
demolition orders in Area C of the West Bank affecting 13,000 structures – need for legal assistance and advocacy to prevent displacement of affected Palestinians.

**8,000**  
people live in 61 communities in the West Bank at high risk of forcible transfer – 65% are refugees.

### EROSION OF RESILIENCE

High unemployment, low household incomes, the high cost of living (particularly for food) and the erosion of livelihoods have resulted in continued high levels of food insecurity in oPt.

**1.65m**  
people in oPt (27% of all households) are moderately to severely food insecure:

**Food insecurity** across oPt is higher for:

- Female headed households at 32%.
- Refugee households at 35%, rising to 39% in refugee camps.

### ACCESS TO ESSENTIAL SERVICES

Access to essential services including WASH, healthcare, education, energy and housing is severely restricted for Palestinians in the West Bank and Gaza Strip

**40%**  
of Gaza's 1.9 m population receive just 5 to 8 hours of water supply every 3 days.

**1.0 m**  
people, including 655,000 refugees in camps face restricted access to basic healthcare, including reproductive health, emergency services, rehabilitation for people with disabilities and GBV referral.

**504,000**  
School children in the oPt require humanitarian assistance to access quality education in a safe, child friendly environment.

# THE HUMANITARIAN RESPONSE PLAN 2017

## DASHBOARD

### STRATEGIC OBJECTIVE 1

Protect the rights of Palestinians under occupation in accordance with IHL and IHRL.

### STRATEGIC OBJECTIVE 2

Ensure acutely-vulnerable Palestinians under occupation in Gaza and the West Bank have access to essential services.

### STRATEGIC OBJECTIVE 3

Strengthen the ability of acutely-vulnerable Palestinian households to cope with protracted threats and shocks.

### PEOPLE IN NEED

### PEOPLE TARGETED

1.1 million people to be supported are in the Gaza Strip; the remaining 0.5 million are in the West Bank.

### REQUIREMENTS (US\$)

2017 HRP requirements are 4% lower compared to 2016, due primarily to a reduction in the shelter request for Gaza.

**93 partners**  
**243 projects**

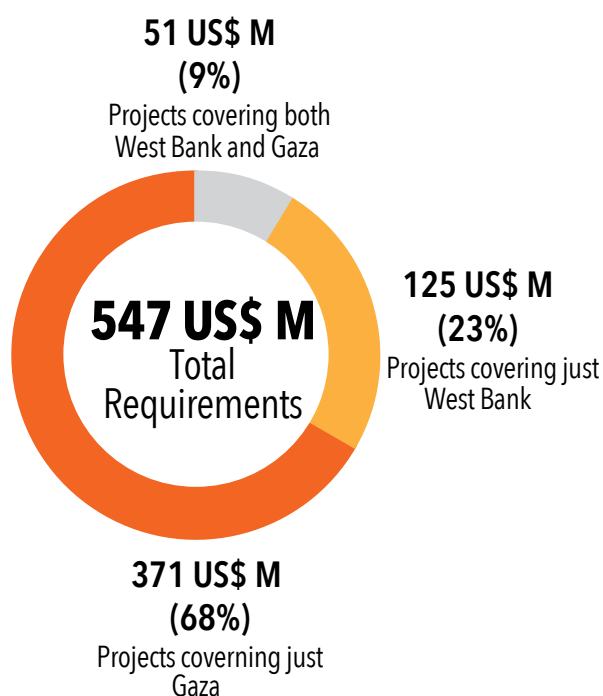

Projects designed to contribute significantly to gender equality

**24** Projects is to advance gender equality

### # ACTIVITIES PER GOVERNORATE

# THE HUMANITARIAN RESPONSE PLAN 2017

## DASHBOARD

### CLUSTER KEY RESULTS

#### PROTECTION

- Increased respect for international humanitarian law and human rights law and accountability for violations.
- Prevent and mitigate the effects of the occupation and conflict-related violence.
- GBV victims and survivors have access to multi-sectoral responses.

#### FOOD SECURITY

- The resilience and the productive capacity of vulnerable households are restored/enhanced and livelihoods protected.
- Households suffering from lack of access to food are able to meet their basic food needs.
- Improved coordination for preparedness and advocacy, activities implementation and information sharing.

#### SHELTER & NFIs

- Protect acutely-vulnerable groups through repair and upgrading of substandard or damaged shelters.
- Ensure emergency and transitional shelter or NFI response to conflict, demolition or natural hazards.
- Enhance contingency planning and preparedness measures for timely and effective response to emergencies.

#### WASH

- Ensure equitable access to basic WASH services in accordance with safety and dignity of the unserved, underserved and most vulnerable Palestinians under occupation in Gaza and the West Bank.
- Strengthen WASH response capacity to cope with new and protracted emergencies, threats and shocks.
- Increase national WASH sector governance and coordination capacity.

#### HEALTH & NUTRITION

- Ensure access of vulnerable communities in the Gaza Strip and the West Bank to quality and affordable health services and referral of victims of violence to protection organizations.
- Vulnerable communities in the West Bank and Gaza are better prepared to cope with the impact of current and potential man-made and natural disasters.

#### EDUCATION

- Education actors have strengthened capacities to report, document and advocate on education-related violations across the Gaza Strip, West Bank.
- Vulnerable children in the Gaza Strip and the West Bank have access to safe and inclusive educational services.
- All education stakeholders including parents, communities and children are better able to cope and respond to disasters and emergencies through DRR preparedness and psychosocial services, particularly in areas at risk of education-related violations and natural disasters.
