

OVERVIEW

At the end of the second quarter, the 2019 Humanitarian Response Plan (HRP) requirements are only 31.6 per cent funded to date. Without adequate funding, humanitarian partners will struggle to respond to the needs of people affected by crisis across the oPt.

Humanitarian funding in 2019 is significantly lower as compared to the same period over the last seven years. The decline since 2018 in funding for UNRWA, the single largest humanitarian actor in the oPt, has been a key contributing factor. However, nearly all agencies in the HRP have received less funding in 2019, as compared to previous years, negatively affecting the majority of the humanitarian operations in the oPt.
