The situation in the West Bank and in East Jerusalem has worsened in recent weeks and months. The situation now is the worst for years, and it is deteriorating rapidly.

Recent events:

1. The latest report issued by OCHA shows that the number of displaced people in the West Bank and East Jerusalem has increased significantly in recent weeks. The report highlights the deteriorating humanitarian situation in the region, with widespread violations of international humanitarian law.

2. The United Nations Relief and Works Agency (UNRWA) has issued a statement expressing concern over the situation in East Jerusalem and the West Bank. The agency has called for an immediate end to the violence and for all parties to abide by international law.

3. The Palestinian Authority has announced plans to seek international assistance to deal with the humanitarian crisis in the region.

4. The Israeli authorities have imposed strict restrictions on movement and access to certain areas, which has led to widespread humanitarian suffering.

5. The Palestinian leadership has called for a peaceful resolution to the conflict, and has called on the international community to take action to protect the rights of the Palestinian people.

6. The Israeli military has increased its use of force in recent weeks, leading to widespread civilian casualties and destruction of property.

7. The international community has called for an immediate end to the violence and for a resumption of negotiations to reach a peaceful solution to the conflict.

8. The Palestinian leadership has called for the international community to take action to protect the rights of the Palestinian people and to ensure their security and safety.

9. The Israeli military has accused the Palestinian leadership of provoking violence and of failing to take action to prevent attacks.

10. The United Nations has called for an immediate end to the violence and for all parties to abide by international law.
